

INT. JESSE'S HOUSE - DAY

Walt is sitting on Jesse's couch, a cold menacing steal about him. Jesse is disheveled.

WALT

So did you see gus?

A nervous jolt goes through Jesse. He lies.

JESSE

What? No.

WALT

You didn't see Gus?

JESSE

No!

WALT

Then who told you about the Mexican Cartel coming after Gus?

JESSE

It was passed down, like I said.

WALT

Passed down! By whom?

JESSE

By Mike and them. They did...

WALT

So they, doesn't include Gus? You haven't been with Gus, you haven't seen Gus, you haven't spoken to Gus.

JESSE

Why are you?

WALT

You weren't at Gus's house last night?

JESSE

What?

Walt snaps, the rage he has been holding in slowly bursts. He rushes over to Jesse and takes a pack of cigarettes out of Jesse's pocket. He sifts through the cigarettes and takes a specific cigarette out. It is a cigarette with a poison vial in it. Walt holds it up.

WALT

It's still here. It's still here. You look me in the eye and you tell me that you weren't at his house last night.

JESSE

I um...

WALT

I knew it...

JESSE

Look I didn't have a chance!
Alright? I knew you would react
this way! I knew you would freak
out and not believe me that's why
I didn't say anything. Look there
was just this one big pot of stew
and we both ate from it. What
was I supposed to do huh, poison
myself as well as him?

WALT

Two hours and eighteen minutes
and you couldn't figure out a way
to give it to him.

Jesse snaps!

JESSE

He never left the room!

WALT

You lying little shit!! You had
one thing to do, one thing that
is the only thing I might add
that would save our lives. You
were right there. You were in
his house and you didn't have the
guts to do it...

JESSE

Two hours and eighteen minutes...

WALT

You never had the intention of
killing him did you?

JESSE

How did you know I was at his
house last night? Were you
following me?

Walt shows a remote GPS tracking device.

WALT

This, this is how I new.

JESSE

You bugged my car?

WALT

7.10 to 9.28pm.
(MORE)

WALT (CONT'D)

Two hours and eighteen minutes
but you had no intentions did
you? Not the slightest intention.

JESSE

Everything that I had done for
you...

WALT

OH!!

JESSE

You put a bug on my car!!

WALT

Oh I'm sorry after everything
you've done for me!? You've done
for me!? You've killed me is
what you have done!! You've signed
my death warrant and now you want
advice! Okay here's some advice,
go to mexico and fuck up like you
always do and come back in a
barrel!

Jesse is so angry he is nearing tears. Jesse goes to
punch Walt, who flinches but Jesse stops just before he
hits him. Walt bracing for the punch looks at Jesse,
just as angry.

WALT (CONT'D)

You are a loser Jesse!

JESSE

Are you done?

WALT

Yes.

JESSE

Good now leave and never come
back.
